Characterization of TF-1-E {#s0080} ---------- In order to further demonstrate the formation of TF-1-E and the antibiotic effect of TF-1-E, an ATP-based luminescence inhibition experiment was carried out as follows: (1) TF-1-E was incubated with various concentrations of ATP. (2) The luminescence intensity was measured using an ATP Bioluminescent Assay Kit to determine the amount of ATP in the reaction system. (3) The fluorescence signal was measured using a FL3/FL4 channel using flow cytometry. As shown in [Fig. 6](#f0030){ref-type="fig"}, the luminescence intensity increased slowly with time and reached a constant level at 60 min. When the concentration of ATP was below 1 mM, the luminescence signal was proportional to the ATP concentration. However, when the concentration of ATP exceeded 1 mM, the luminescence intensity was inversely proportional to the ATP concentration. The luminescence signal was zero when the reaction was stopped, demonstrating that the luminescence of TF-1 was completely inhibited by ATP. Taken together, the above results clearly indicate that TF-1-E could be cleaved by ATP to produce free TF-1. TF-1-E was cleaved in the process of binding to ATP, and the ATP-based luminescence inhibition experiment further confirmed that TF-1-E could inhibit the growth of tumor cells.Fig. 6TF-1-E is cleaved by ATP. (A) The luminescence intensity was measured using an ATP Bioluminescent Assay Kit. (B) The luminescence signal was measured using a FL3/FL4 channel with flow cytometry. 4. Conclusions {#s0085}

What a place to visit -- this far-off state, so close to where he spent his youth. What a chance to tell his story, in a way that he doesn't always get to do. As he tries to unify the party and pick up voters, he won't need to do much explaining about the years when he worked in an executive branch, sipping tea with presidents, with a hard stare under his bushy eyebrows. But what's a story like his to lose? He could tell that one about how he led the fight to repeal Glass-Steagall, a bill signed by President Clinton that had fostered the kind of competition that was building up the duopoly of investment banks that nearly wrecked the economy. Biden could tell a story about how, as head of the Finance Committee, he fought for Wall Street reform, with special provisions to help community banks. He could draw a little bit of a connection between the changes that have taken place over the last 30 years and how they came to pass, with those unhappy Glass-Steagall days. In fact, he could bring in someone to talk about the small banks -- with 85% of them
