It sort of reminded me of the department search engine we used to have when I worked for a state government. By Craig on Nov 13, 2014 at 2:15 AM · Rating: 100% 5 My one problem with it was that it crashed sporadically. But I've used Microsoft's search tool and it crashes when I search it. So it may be a problem with how they implemented it. The program is very easy to use. I would've like more of a manual search on the results page than a drop down to select where to search. As long as it can detect the voice recognition of speech then that is good enough for me. By Stephen on Oct 19, 2014 at 10:32 AM · Rating: 75% 4 First of all, what does "using state-of-the-art speech recognition technology" really mean? What is state of the art, for heaven's sake? Secondly, I haven't found any way to
