That works, but it also does not allow me to see the "Preview - Download" option. It is a really annoying issue if you already purchased this plugin for your work A: Animate2 has a problem with the licensing. Although it is installed, the "License Manager" window can not be accessed from DAZ Studio (4.14.4). To unregister Animate2 Open Licence Manager. Select Unregister Your License from the menu. The case was appealed, and the United States Court of Appeals for the Ninth Circuit concluded that the holding of the district court was in error. Although the Ninth Circuit disagreed with the findings of the district court, it did find that infringement had occurred, and the case was remanded.
