The Polish Campaign Series: Fall Weiss is a large-scale computer adaptation of the most famous campaign of World War 2: The Polish Campaign. The history of the war changed, but the game doesn't. For the first time, the game starts when the German Wehrmacht and the Red Army invaded Poland. The main objective of the Germans was to roll over the country as fast as possible to make Poland weaker. They did it quite well, and the Germans' troops crossed the Polish frontier without any resistance. The game begins with German units arriving to Polish territory in August 1939, and finishes in 1945 with Soviet forces pushing through Poland and advancing towards Germany. The game features many historical elements - Polish hussars, sturmtruppen, counter-terrorism teams, Polish tanks and armoured cars. As you can see, the game isn't about any one country - the Poles and Germans are just the two sides of the same war, separated only by a Polish border. (1941 film) The Swindle is a 1941 romantic comedy film directed by George Marshall and starring Ronald Colman, Myrna Loy, and Cary Grant. The screenplay was written by Howard Koch and Henry Bidlaw, and is based on the novella The Sapphire Collector by Eric Ambler. The film was nominated for the Academy Award for Best Picture, while Colman was nominated for Best Actor. Plot The wealthy American heiress, Elizabeth Andrews (Myrna Loy), is kidnapped and held for ransom by the swindling Prime Minister of Madagascar, Prime Minister Amboasara (Edward Arnold). The Prime Minister has forced out the corrupt old colonial governor (Fredric March), whom he assumed he was replacing with Lord Gaunt (Hugh Herbert), while Gaunt is either incapable of doing his job or else unable to raise money for his own pension. Instead, Gaunt retreats to a lavish mansion while his wife (Mary Anderson) and new mistress (Sylvia Sydney) pay their way. Because the British have held off revolutionary activity and Guinn (Holbrook Jackson) is conspiring to restore the colonial government, the Prime Minister decides to take advantage of the lack of security and steal the assassination dagger meant for Gaunt. The Prime Minister will give Gaunt's mansion back to him and he can have his pension - if he sets Elizabeth free. He sets up a meeting with Guinn so he can grab Gaunt in his own house. Guinn is

even in on the plan: he hands the Prime Minister a letter threatening to expose Elizabeth's kidnapping and offering Guinn an enormous reward if he'll give him a guide to her location. Guinn is thus to be paid as Gaunt's "assistant. The Prime Minister instructs him to pose as a servant and play the clavioline for the foreign guests that Gaunt will have for tea. Realizing that any arms in the house may be traced to wherever the dagger is hidden, the Prime Minister orders Gaunt to leave it at the bank. The Prime Minister is only seeking one thing: the dagger itself. The Prime Minister rigs the show to be complete failure by inviting Gaunt to the meeting himself. Meanwhile, a revolt breaks out. Prime Minister Amboasara's ministers dub him King Amboy (Edward Arnold) and seize power. Elizabeth is held in the cellar, where she is discovered by the Prime Minister's men, who mistake her for
