There was a time when the world was ruled by gods. But now that the distant realm of the Elder Gods has finally woken, mankind stands on the precipice of extinction. The fate of the human race now lies in the hands of an unlikely hero, a warrior with no name, a thief with no past, a girl with nothing to lose. Unite with your friends in a massive online cooperative game, and battle together to discover the fate of all humanity. Key Features: Online and Offline Modes - Both single player and multi-player are supported, with dedicated servers allowing you to play with your friends regardless of your location. - Whether you're playing solo or with friends, you can always take the action offline, too. Online Shared

---

Progress - While playing online, the progression of your game is handled in such a way that you can still access the save files of your friends, regardless of the platform.

Innovative World and Customization - Not only is this the biggest game ever made, the world of 'Verdant Mist' is filled to bursting with content. Explore a realm filled with several unique locations, filled to the brim with unique challenges and dangers, while still retaining a sense of cohesion. - And even more importantly, this is also the first game ever to feature true class-based customization! Equip thousands of pieces of loot and gear, level up your hero at an in-game skill tree, and create your own distinct character that represents you.

Astory Mode and Characters - In addition to the immense world of 'Verdant Mist' there are also thousands of quests to discover and a robust in-game story that can be unlocked in the Theatre Mode. - The story unfolds across a series of complete cinematics, portraying a backdrop of interactive events, with each of these offering an optional choice that affects your experience. - Put on a show for yourself or everyone else and join in on the action by interacting with the story in the Theatre Mode.

Reach the Top of the Totem Pole - Not content with just challenging players to reach the top of the totem pole, the developers have also taken the time to go above and beyond. - Challenging players to not only beat the main game, but to also work your way up to the Moon Temple, challenge bosses, and even defeat the Elder Gods themselves.

A Worldwide Collaboration - Fully supported by a worldwide community made up of hundreds of c9d1549cdd

Introducing the Meander Map Pack City Expansions, we have included over forty new locations for you to experience in your city expansions. These locations are designed to add to the already existing types of play you can experience. They are comprised of large area spaces, like the subway, and smaller spaces like the apartments. We also included an underground location. You can find all these spaces in your expansion. This pack also includes over twenty new static objects that will be great for providing new types of play. We included a museum, a spa, a bar, restaurant, and even more. If you need some more variety, this map pack is for you. We are also working to release a playable villain - maybe you can be the hero this time. The Meander Map Pack City Expansions is all about customization and variety. These maps are easily added to your city - you only need to add the pack. For more information about the maps, please visit our site and our support pages.
