A hand-held floor sander includes a motor having a rotary output shaft which is connected to a sanding drum. The drum may be a single piece, or have a base portion with a peripheral edge and a blade portion mounted to the peripheral edge and extending upwardly therefrom.

The drum may be in a fixed position adjacent the base, or be pivotal on a stationary support with the base supporting the drum for pivotal movement about the stationary support. The sanding drum is rotated by the motor in the same direction as rotation of the output shaft of the motor. Thus, the output shaft of the motor must rotate in a direction opposite the direction of rotation of the sanding drum. A hand-held or other rotary device may be employed to turn the output shaft of the motor. Such a device may be referred to as a hand turning device. A hand turning device includes a motor housing and an output shaft rotatably supported by the motor housing. A handle is provided to rotate the output shaft, and a motor driven gearbox is coupled to the output shaft and transmits rotation of the

Americans Approve of the State of Climate Science and it's Bad Results is a collaborative project by Scott and Elizabeth Raschke. Scott is known as a left wing pro John McCain surrogate. In 2008 Republican supporters of John McCain believed climate science was bunk. In 2016 they believe it's bunk and have no idea how it was so compressed by conservative media like Fox, Breitbart, Rush and talk radio. We give them a critical look at how they and others believe we're going to hell. Maybe there's hope. There's a "science fair" but it doesn't include the social studies

The Bullbarian arrives in the village, dropping bombs and tossing boulders. After forming a team, the Bullbarian heads to the enemy base and starts kicking... and sometimes smashing through walls. We make a list of the enemies the Bullbarian has defeated, and ask you to name them: * Elodie * Hammerhead * Minotaur * Allosaurus * Gazergaur * King Pit Kraken * Slime * Canker * Worm * Snotmotus

Once enough names are in the list, we ask what is the Bullbarian's favorite weapon, and we find out that he likes throwing boulders. Bravo! Finally! It looks like this DLC will contain a weapon that doesn't also need to eat. As a special bonus for our supporters, we're releasing a special Bullbarian pickup skin for you to use. Read on for a full description of the pickup skin: This DLC also includes two special characters that can be collected in-game: The original Bullbarian is from the glorious age of Awesomenauts. He tore open forts with a mighty slam, rumbled into the center of enemy armies. But on a note of surprise: in-game, he's just an Awesomenaut wearing a helmet and wielding a shield. So we've decided to add a second version of him! The Bullbarian 2 is dressed in the armor of a medieval knight, with mighty bolos and a great axe. Let him rattle your skull with awe.

Character In-Game Description: The Bullbarian 2 is set in the age of Awesomenauts, when an army of Awesomenauts was still small. He has the audacity to take on the leader of the Awesomenauts in a duel. His fighting skills are above reproach, but his helmet doesn't fit his head very well. What if we put the Bullbarian in the most important moments of his life, instead of being a defender of an army, he became a mighty rock in the mud, or a booming mountain of leaves. But in order to better understand the Bullbarian, we'd have to drive a stake deep into the heart of his past. Unfortunately, we'll be late!

Character Voice Description: Your online profile... Let us make your own Bullbarian nickname! Character (default) - Bullbarian pickup skin profile - Bullbarian generic skin

Note: You can play Jetfighter Match with LAN, and with multiplayer online for free! that no further hearing was necessary after the trial court's ruling. [4] For example, the prosecutor in his opening statement stated that the state's evidence would show that Casares drove with Bogdanoff into the country and parked at a shopping center. His statement was based on the fact that the state had been allowed to visit the site where Bogdanoff's body was found. Although the court commented that the prosecutor's statement did not accurately reflect the evidence, it did not strike the statement from the record or tell the jury not to consider it. Moreover, no objection was made to the statement. [5] In Brown, this court affirmed the
