Features Key:

- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory.
- Player Career - Finish your training, win your first matches, develop your team, add to your reputation, collect more and more trophies, and compete in top tournaments. With Player Career mode, get closer to achieving your goals as a player by playing through the season in near real-time. Manage your team at every level and take them all the way to the pinnacle of the global game.
- FIFA Ultimate Team - Get the most out of FIFA 22 by owning many different players, managing your squad, customising your team - and even playing online against your friends and Rivals.

-
- New Real Player Motion Technology – FIFA 22 teams up with Real Player Motion, the chosen expert studio that brought the motion capture technology to life in FIFA 17, to apply it to the true-to-life presentation of unparalleled videogame presentation in the title. Real Player Motion is at the heart of the FIFA Soccer video game and makes sure players can run, dribble, and shoot with finesse that truly brings them into a new world of gaming.
 - New Presentation Features – FIFA returns to the Premier League with a new thematic presentation that pays homage to the colours of every one of the 20 top-flight English leagues. Fans can also get up close to the action wherever it happens to be happening, which means that players will feel as realistic as possible just by watching them move around.
 - All-New Player Design – FIFA 22 brings true-to-life sporting authenticity to the player models of hundreds of elite footballers, past and present. Players will react more realistically to passing, shots, and tackles.
 - FIFA Franchise – EA continues to own the FIFA franchise in the USA and Canada with the upcoming release of FIFA 22. This helps us bring online features
