We didn't know what you were talking about.' And about two weeks later, we got the — you know — the divorce papers." The fate of several Star Wars games that were in development follows the parting between Lucasfilm and EA, including Star Wars 1313, the failed Star Wars 13 Scale model replica that appeared at E3; Wing Commander: Prophecy, the ill-fated F/A-18 fighter jet-like space simulator (developed by Volition of Saints Row

fame); and Bright Star, a mobile MMORPG spun out of the same company's DICE London Studios. EA said goodbye to the old
