October 16, 2020 - Player's verdict on PC. What it is? An updated version of the 2005 real-time strategy game. Age of Empires 3 has always been a black sheep - . For some reason that no one can explain, she was never the first among real-time strategy games. There were reasons for that. First, the Civilization series came out in the early 2000s and was a huge success. Secondly, by the time Age of Empires 3 was released, Quake already existed, which became a real leader in the genre. As a result, the developers from Microsoft did everything possible so that the third part could not compete with its predecessors and did not even look like them.

We had to run it as administrator so please give the solution other ways. Thank you for your help. In an ideal world, downloads would work seamlessly and be virus-free. Unfortunately, many...
